

Calling Future Pilots. 1 Day Course. Shannon, Co Clare.

Future Pilots' has been created specifically for people aged 14+ who are seriously thinking about or planning their training and career as an Airline Pilot and want to know more about how to achieve their dreams.

Course Contents:

The course is conducted by an Airline Captain with many thousands of hours flight experience with major airlines giving the participant valuable first hand information.

The day is organised as a combination of classroom talks theory and flight exercises in a Boeing 737 - 800 NG flight simulator.

Each participant will have the opportunity to test their natural flying abilities in the cockpit - flying a series of manoeuvres under the guidance of their instructor, getting them really motivated for their future as a Professional Pilot.

Also, when appropriate, the Pilots of the Future course gives parents the opportunity to join in. There will be time to ask any questions and gather the information that you need as a parent of an individual interested in a career as an airline pilot.

Certificates of Course Completion.

Course Objectives

This is the only such course available, a truly unique opportunity to spend the day with an airline Captain. By the end of the day you will be clear what you need to do to prepare yourself to succeed.

This experience will also engrain the importance of the STEM Science Technology Engineering and Maths subjects in aviation.
