Science and Maths Discover Centre Network

Aerospace Discovery Centre School Tours count
towards your SFI Discover Science and Maths Award

AvLab Aviation School Tours

'Education is not the filling of a pail, but the lighting of a fire'

WB Yeats

It's designed to introduce primary school students to the basics of flight in a fun 'hands on, minds on' voyage of aviation discovery.

Students will learn about the Four Forces acting on an airplane in flight and how airplanes are flown and controlled. Now it's time to test those theories during a simulated flight lesson with a real pilot at our Flight Simulation Centre

Followed by a guided interactive tour of our AVIATION MUSEUM...

See Jet Aircraft Cockpits, Landing Gear, Jet Engines and lots more.
